MUSSOLINI PLOTTER SENTENCED

MAN NATURALIZED IN UNITED STATES BE SHOT IN BACK

MICHELE SCHIRRU ALLEGED TO HAVE PLOTTED ASSAS-SINATION II DUCE

ROME, May 28.—(AP)-Michele Schirru, naturalized American citizen, was convicted today of plotting the assassination of Premier Premier Mussolini and sentenced to death by shooting in the

who was tried before a special tribunal for the defense of the state, maintained an attitude of bravado until the trial was nearly ended. He broke down, however, during the final sumation of the prosecutor, who described him as "a man without morals." At this point Schirru bowed his head and began to

The defense attorney concluded his plea by addressing the judges, "Your sentence will be heard by the world, let it therefore be mer-ciful."

Schirru was charged in all on seven counts, including the possession of bombs, the wounding

session of bombs, the wounding of three detectives and membership in an anarchist party. He is the first American to be prosecuted for such an offense in Italy's highest court. Police said Schirru, 32 years old and a former resident of New York, had confessed to coming to Rome early this year with the intention of killing Mussolini, he was arrested in February after a gun battle with police and ex-(Continued on Page 13)

MEET SUCCESS IN ATTEMPTS REACH STRATHOSPHERE

SCIENTISTS BELIEVED DEAD FOUND TO BE UNINJURED ON LANDING

INNSBRUCK, Austria, May 28. (P)—Prof. August Piccard, reaching the Alpine town of Gurgl this afternoon, said his adventurous flight into the stratosphere had been "magnificent beyond conception," and that he and Charles Kipfer had broken the world's altitude record by more than 12,000 feet.

They never lost control of their balloon, he said, and they gathered valuable scientific data in their long hours aloft in the metal gondola suspended from the gas bag. The balloon itself, lying on the "grosser gurgler ferner," 9,000 feet up in the Alps, is to be salvaged by a detachment of the Tyroless Alpine Chasseurs.

"We're both very tired," the physicist said, "but otherwise we're well and happy. Our balloon is safe and the slight damage to the instruments is hardly worth, mentioning.

"Yesterday was excellent for observations, but the buoyance of the balloon was so great that we could land only after the sun went down. balloon, he said, and they gather-

down.
"I did not choose any particular landing place, but we saw a glacier and thought that would be cter and thought that would be as good as anw other spot.

"We_landed smoothly—but too late to look for human habitations so we spent the night in our gondola."

Early this morning, he said, they got their hearings and walk-edadown the mountainside toward

REPRESENTATIVES **OF** LABOR SEEKING **NEW TARIFF STUDY**

DOMESTIC AND FOREIGN **PRODUCTION COSTS** 1929 WOULD BE USED

WASHINGTON, May 28.—(P)—
Some representatives of labor are trying to get the tariff commission to base its studies of domestic and foreign costs on 1929 wage figures instead of those for what they call the "abnormal and chaotic" period since then.

The suggestion, advanced by M. J. Flynn, executive secretary of the American Protective Wage Tarners' Association, at a hearing this week on boots and shoes, was answered by Chairman Fletcher of the commission with the statement that it is "up to us."

The reason for the proposal Flynn explained subsequently, is this:

"Before the stock market deba

Before the stock market deba-cle, we consider, conditions were more nearly normal bith in Eu-rope and in the United States than they have been since the war. Europe early in 1929 knew how much it owed and how much it had to spend. We were operat-ing on stabilized weges well known and well recognized. We do not

and well recognized. We do not intend to accept 1930 and 1931 conditions, although we must tolerate them temporarily.

"Conditions in the latter period have been chaotic as well as abnormal. We do not want to be confronted with wage figures for this time in official government documents, such as tariff commission, findings."

Flynn, whose organization is af-flynn, whose organization is af-filiated with the American Feder-ation of Labor, said he intends to press his request in every similar investigation the commission makes during the depression.

The secretary has not yet been officially advised by the president that his department will be called on to offer suggestions for economies but he has ordered a survey with that in view.

The department's total appropriation for the present fiscal year is \$370,000,000, including the \$160,000,000 emergency money. Also a

is \$370,000,000, including the \$100.000,000 emergency money. Also a part of the total was \$109,000,000 for regular federal highway aid and \$11,000,000 for forest roads and trails. The remaining \$00.000,000 went to running expenses, the extension service, land grant colleges and similar agencies.

colleges and similar agencies
For the 1932 fiscal year, beginning July 1, \$225,000,000 has been appropriated, of which \$137,005,000 is for federal aid highways and forest roads. Congress increased the federal aid allotment from \$75,000,000 to \$225,000,000 to below \$75,000.000 to \$125,000,000 to help

\$75,000,000 to \$125,000,000 to help the idle.

Drought loans will be collected from farmers next fall, when their crops are harvested. States which have borrowed from the \$30,000,000 emergency highway fund will repay the money over a five-year period through deductions from their regular shares of federal aid.

Many Favorable
Factors Found

WASHINGTON. May 26.—(P)—
President Hoover and his cabinet today surveyed the economic situation and found many factors which they considered favorable.
There was no amplification at the White House of the statement that "factors are favorable."
The president was still in the cabinet meeting when the time arrived for his usual conference with newspaper correspondents and in lieu of the conference the statement concerning the survey of the economic situation was made.
Only rarely in the past has the cabinet meeting extended beyond the noon hour when the regular press conference is scheduled on Tuesdays. It also is not customary to give any indication of what is being discussed at the cabinet defined at the meeting.

BUILDING A PROSPER-OUS FUTURE FOR THE FARMERS

Today we live in a cooperative age. American industrial supremacy, like American progress and prosperity, has largely resulted from the application of the principle of mass production and distribution to many lines of business. The troubles of the farm-

er have to a great degree been caused by a lack of collective effort. Overproduction has resulted from undirected production. Poor farm prices have been partially the result of the fact that farmers are without the power to bargain.

Only by co-operation and purse. organization can a prosper-out of it what you put into ous agricultural future be it. assured. SPECIAL SESSION MAY RESULT FROM **CRUDE PRICE CUTS**

DALLAS. May 27.—(P)— East
Texas crude oil prices were 30
cents per barrel lower today and
Gov. Ross Sterling was considering the advisability of calling a
special session of the legislature
to enact a proration measure and
relieve the situation.

Until yesterday the top price for
oil from the new field was 67 cents
per barrel. Today the major compénies had a now schedule in effect, offering 37 cents for oil o40 gravity and above. Twentyfive cents was offered for oil below 35 gravity, the lowest figure
quoted. Until yesterday quoted.
Until yesterday quoted
lions had been made on oil as low
as 29 gravity.

The Humble Oil & Refinitar Co,
led off in the price cuttim, followced rapidly by the chier big companies. President W. S. Farish
of the Humble, in crouncing the
cut, said maintenance of the companies. President W. S. Farish
of the Humble, in crouncing the
cut, said maintenance of the companies, President W. S. Farish

He pointed out East Texas had bi'erly opposed the railroad commission's order setting the fields' output at 180. setting the fields' output at Inti-000 barrels daily and were actual-ly producing more than 300,000 barrels daily. The last weekly summary issued by the American Petroleum Institute gave the daily

Petroleum Institute gave the daily average East Texas output as 303,750 barrels daily.

Observers at the capital pointed out that low prices for East Texas oil would greatly diminish the demand for crude in other parts of the state. It also was suggested that, even if a special session should result in passage of a strict proration statute, the opposition would be strong enough to prevent its enactment as emergency measure to take effect immediately. Thus there might be a delay of months before such a law could take effect.

Tenth Suit Is Filed

AUSTIN, May 27.—(P)—The tenth suit to enjoin the Texas Railroad Commission from enforcing its proration order in East Texas was filed in the district Court today. It was filed by E. M. VALPARAISO, Ind., May 28.—
(P)—Virgil Kirkland, 20-year-old Gary, Ind., steel mill worker, faced the prospect today of a movement to increase the one to ten year prison term he received fol-lowing his trial on a charge of being responsible for the death of Arlene Draves.

of Arlene Draves.

A formal demand would be made next Monday, Prosecutor Robert Estill said, to increase the sentence to five to twenty-one years. Estill based his statement on an opinion by Attorney General James M. Ogden in Indianapolis who contended the one to ten year sentence imposed by Judge Grant Crumpacker upon Kirkland's conviction last Tuesday of assault and batery with intent to rape, was in error.

The attorney general cited a 1930 decision of the state supreme court holding that a 1927 statute defining rape and fixing one to ten years as the punishment, did not repeal an older statute covering assault and battern and the state of the

statute covering assault and bat-tery in an attempt to commit rape which set the penalty at five to twenty-one years and a \$1000

STORMY SESSION OIL CONSERVATION

DALLAS. May 28.—(P)—Stormy arguments lasting three hours this morning marked the first session of the special committee named by the East Texas Chamber of Commerce to investigate methods for "conservation and orderly marketing" of oil in the new East Texas fields.

ARMY OFFICIALS PROBE DROPPING FLASHLIGHT BOMBS

NEW YORK, May 28.—(P)—Army officials today were investigating the dropping of two flashlight bombs from an airplane last night which rocked buildings and broke windows near the Columbia university section at the Hudson

river.
The bombs, it was reported, The bombs, it was reported, were dropped from an army observation plane, manned by Captain A. W. Steveps and Liuet. John Crikille. who left Mitchell field on a night photographic expedition. Their orders, army authorities said, were to drop the light bombs and photograph West Poirt while over the Hudson. The university section was jarred as two brilliant lights flashed from the skies.

Mrs. John Valenda of Riverside drive, reported to police the exposion knocked her to the floor. She was treated by a physician. Brigadier General Benjamin Foulois, attending a dinner, was notified of the explosion. He ordered an immediate investigation.

HEAD FEDERATION

WASHINGTON, May 28.—(P)—
President William Green of the American Faderation of Labor sees indications of a hard winter ahead. He believes its effects could be minimized by adoption of a four-point remedial program.

Asserting that a less than normal increase in spring employment this year forecasts a worse winter than last, unless immediate steps are taken, he proposed last night that employers guarantee ontinued work to as many men 3 possible.

As a further remedy he retterated a request that "some thoughtless employers" discontinue "sniping at wore standards," A pay cutting policy, he contended, engenders a fear for the future that leads men to buy only necessities. All available work, he said, should be divided por rata among employes since each man has a "moral claim" to at least a share, He also suggested that as the relief question "nxt wlater bids fair to be worse than last," immediate plans should be made by the proper er agencies.

TREASURY DEFICIT

WASHINGTON, May 28.—(A)—Faced with a deficit of more than a billion dollars, high administration officials indicated today that the treasury was considering announcing in the near future a large long term bond issue.

At the same time they voiced hope that the late summer would see an improvement in spriculation.

At the same time they voiced hope that the late summer would see an improvement in agricultural conditions which might mark the first steady return to normal. They pointed out that in previous depressions, the upward climb had started in late summer when farm crops were marketed, but that the improvement was slow and did not become generally evident until early winter. The opinion was expressed that the present depression had reached the bottom, and that any change would be upward.

The marketing of farm crops in the late summer was expected to provide more credit for the farmers and more money to be spend, but whether the improvement would be steady and countinue could not be determined until several months later when the effect on general business conditions

pool.

B. G. Patton of Plains Petroleum corporation, said 15 other independents in the prolific north end of the pool had joined him in opposition to the plan of zoning the field, contending the north end of the pool had joned him in opposition to the plan for zoning the field, contending the north end gushers would lose production to which they are entitled.

In view of the new low prices in

In view of the new low prices in East Texas fields, sentiment ap-peared for an effort to remove all

Franklin himself declared the Oklahoma Sity field may as well close down as try to compete with Texas oil at the new prices.

Texas oil at the new prices.

A committee named to ascertain conditions as to under-production and over-production of wells may report today or tomorrow.

Franklin contends that continuation of the present system of proration here, with the potential of the field as a whole used as a basis, will result in gross discrimination against the older pools in favor of the North Wilcox pool and will destroy the recoverable reserve in the older regions. There are "at least four separate common sources of crude oil," he says.

N. Y. Physician Tells

Of Sargon's Powers Dr. G. H. Warburton, Graduate Famous Bellevue Hospital Medical College, New York, was so convinced of the great good in Sargon that he recently declared:

"It is not what we eat that counts, but what we assimilate. Sargon helps us get more good out

Sargon helps us get more good out of our food, thus aiding the na-tural building up of enduring strength, firmer flesh, calmer nerves, improved brain power and a sense of physical well-being. You eat with a keen appetite, sleep

eat with a keen appetite, sleep with a new peaceful soundness and wake up with a feeling of renewed strength and energy."
While those who actually benefit from the use of Sargon marvel at the results of this triumphant compound, only the trained physicians who have been retained to examine the formula can under-stand why Sargon is now consid-ered one of the great outstanding health giving remedles of the age.

You Are Invited to Listen In on the Firestone Broadcasting of the Indianapolis

Firestone Hour: 2:15 to 3:15 Central Standard Time; Saturday; May 30th. WBAP Station with Graham McNamee Announcing

Everybody is invited to listen in at this hour and hear about the thrilling races with Graham Mc-Namee at the microphone. To those who have no radio, arrangements have been made whereby those interested can hear the broadcasting by loud speaker at our Service Store, at Corner Main Street and 4th Avenue, where everybody will be welcome.

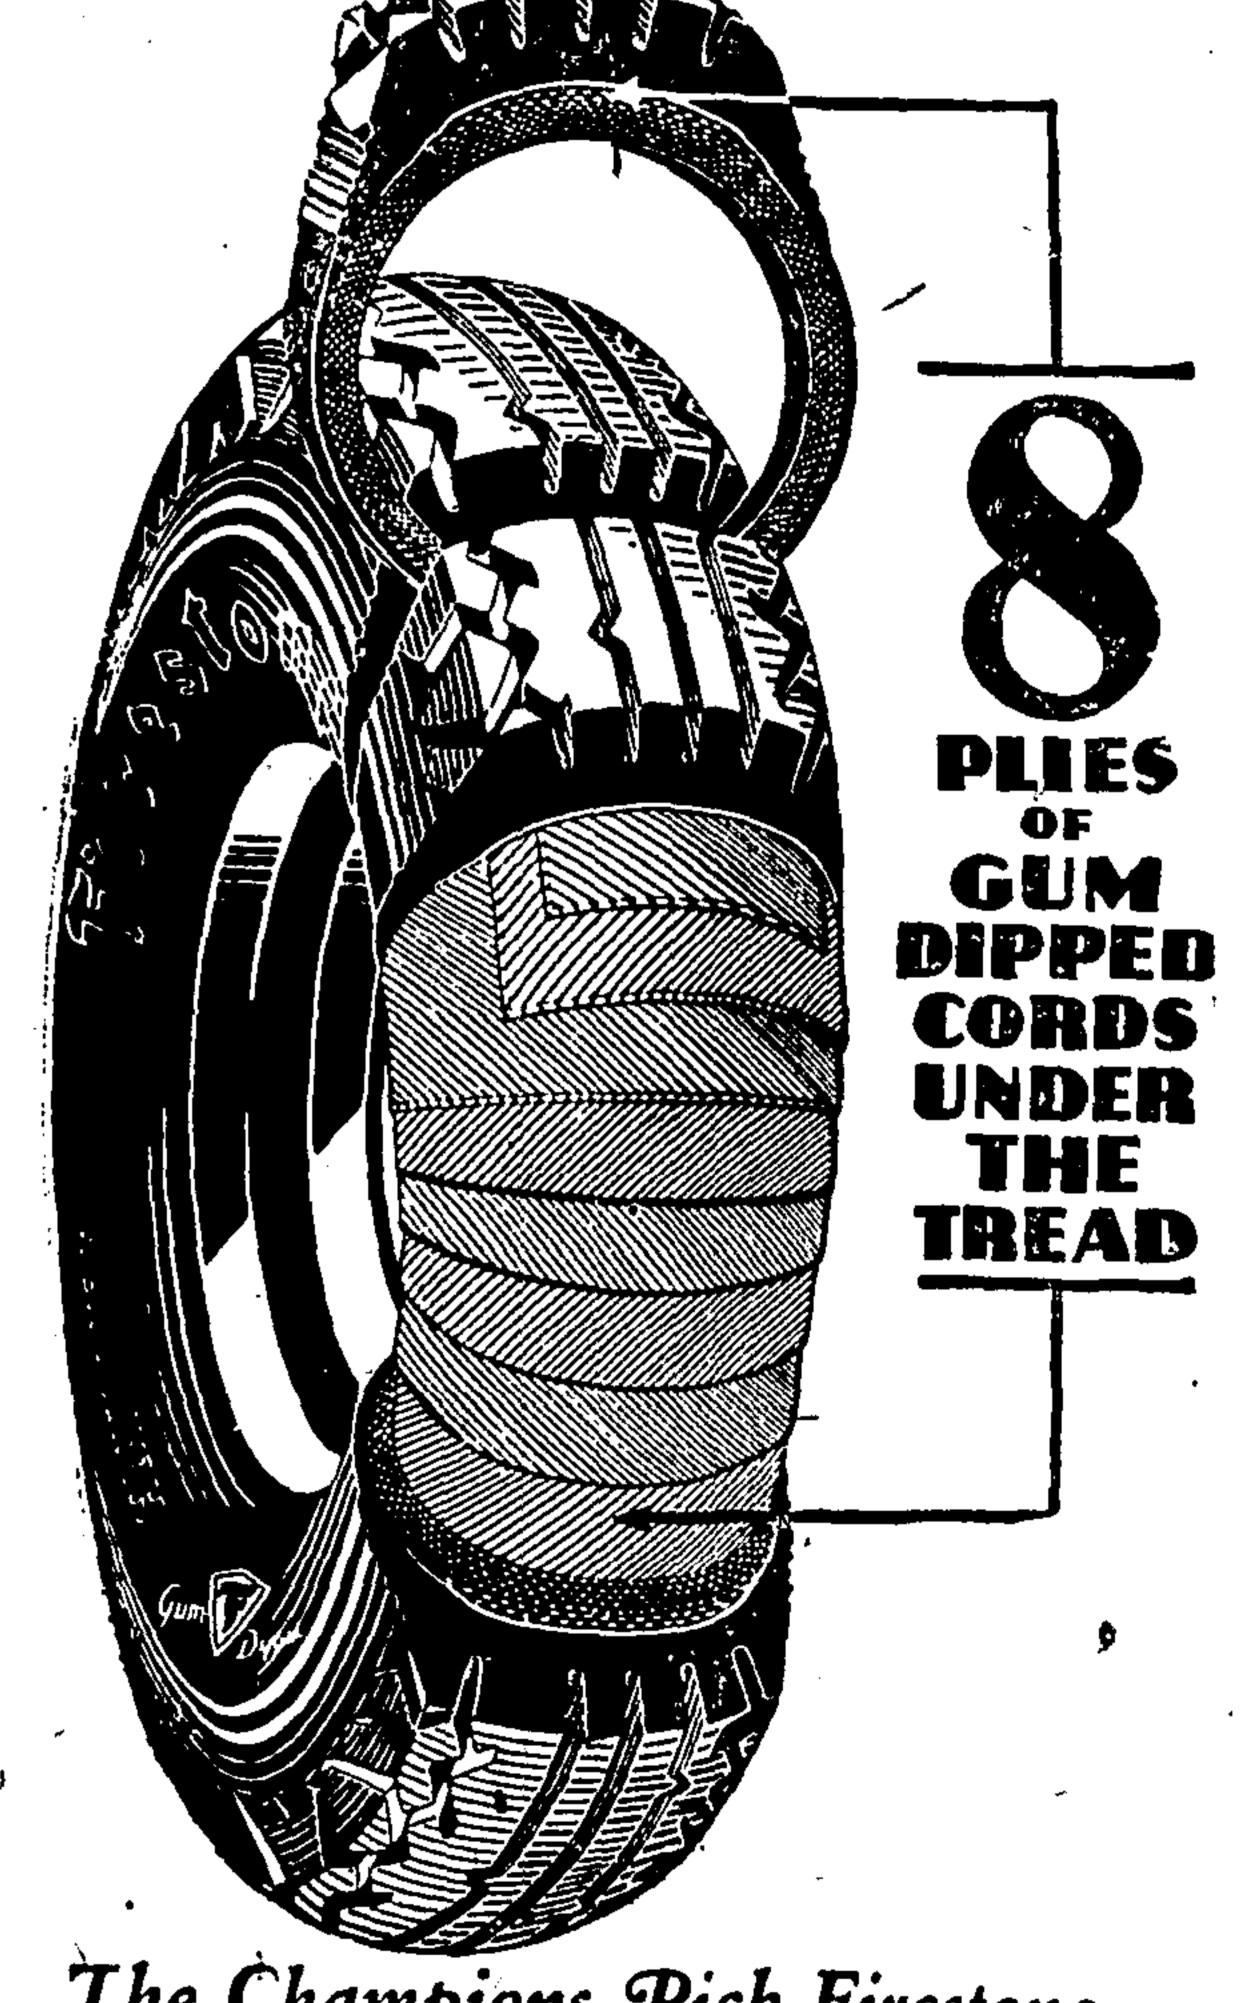

WHERE SPEED KINGS WILL MEET SATURDAY

On this speedway in Indianapolis Firestone tires will again be the favorite for the racers, these tires having been used for these big races for the past eleven years with success.

For 30 years FIRESTONE tires have traveled thousands of miles to make driving safe and economical over all types of roads. Today millions of these tires are used because modern driving demands SPEED AND SAFETY. Built for speed plus Safety. The racing speeds of yesterday are ordinary road speeds today.

The Champions Pick Firestone

Here's Performance Firestone

NEW YORK GIANTS TAKE LEADERSHIP NATIONAL LEAGUE WEDNESDAY

PITTSBURGH CUTS CARDINALS DOWN; ATHLETICS START

WASHINGTON SENATORS TAKE OVER SECOND PLACE AS YANKS LOSE

(Associated Press Sports Writer.)
It's been a long, hard haul
for John McGraw and his
New York Giants, but they finally had reached the top of the National-league percentage column.
After having flirted with

After having flirted with the leadership for a week, during which common sense at times told them they were ahead but the figures told them differently, they removed the last doubt by trimming the Boston Braves yesterday, 7 to 4, while the St. Louis Cardinals were receiving a blanking from Pittsburgh, 4 to 0. The Giants were out in front by a game and a half today.

Hogan Hits Homer.

Frank Hogan, husky Giant catcher, and Heine Meine, Pittsburgh right hander, collaborated to change the complexon of the race. Hogan warped one of Selbolds curves into the stands with two on base to climax a four-run Giant rally in the third inning from which the Braves never recovered. Meine set the Cardinals down with eight scattered hits, all singles, to hang up his fourth straight victory.

Boston's third straight loss to the Giants cost Bill McKechnies hopefuls their hold on third place. The Chicago Cubs, by downing Cincinnati, 8 to 4, moved in. In scoring their fourth consecutive victory the Cubs pounded four Red hurlers for 11 hits.

After having seen their lengthy winning streak clipped the previous day, the Philadelphia Athletics came right back with a 6 to 5 decision over the Yankees. Bing Miller doubled with the bases loaded in the eighth to score Cochrane and Simmons with the winning runs.

Senators in Second Place the leadership for a week,

to 3 nut them a game shead of

the Boston Red Sox, 11 to 3 and 4 to 3, put them a game ahead of the Yankees and four and one-half games off the top.

The Chicago White Sox swept a doubleheader with Detroit, 5 to 4 and 10 to 1. Pat Caraways pitchagin in the second tilt featured the lay. A four-run outburst off Earl Whitehill in the last of the ninth gave the Bushmen victory in the first game.

The Cleveland Indians produced a similar punch in the ninth round

The Cleveland Indians produced a similar punch in the ninth round to take their third straight from St. Louis, 5 to 4. Held to one run until the ninth the Indians rune back to drive Sam Gray from inill and win on Burnett's simulation was Ferrell went the route. Brooklyn and Philadelphia were not scheduled in the National.

New American Loop President Diplomat And Quick Thinker

And Quick Thinker

CLEVELAND, May 28—(P)—
There wasn't much doubt in the minds of American league club owners today that they had selected not only a diplomat as their third president but a man who can handle the "big stick" as well as the late—"Ban" Johnson and Ernest S. Barnard.

The fiew league head, William Harridge of Chicago, who was elected to a full three-year term at yesterday's special meeting, is a quiet, unassuming man of 46. He seldom talks much but there have been occasions when he has acted quickly, decisively.

For 17 years, he served as private secretary to the stormy Johnson, a task that forced him to become a shrewd diplomat and to wave the "big stick" many times in Johnson's absence because of illness. During the past three years, when he has acted as secretary of the league under the late Ernest S. Barnard, he has won the admiration of American league club owners with quick thinking and efficiency.

East's Track Hopes

-By HARDIN BURNLEY-

INTERCOLLEGIATE at h latic supremacy in the United States will be decided tomorrow and the next day at the annual I. C. 4-A games to be held this year at Philadelphia, home of the University of Pennsylvania. And it is the team from old Penn upon which the East pins its hopes of winning first place, usually captured by the Far West in recent years. Again Southern California will be represented by a great team, which is favored to repeat its decisive 1930 triumph.

Penn, featuring Carl Coan, its mile wonder, and Barney Berlinger decathlon specialist looms now as the best of the East's track out—

14.4 for the 120 high hurdles recently, but his 14.3 will not be official because he knocked over two hurdles on that momentous occasion. Unofficially, when running as anchor in a shuttle relay, Keller was timed in 13.9 over that good share of the jumping honors late with the Far Western athletes.

However, certain of the Middle west stars may cut deeply into Southern California's score this year. If Jack Keller of Ohio State win the high hurdles despite first class competition, and Lee Sentmile wonder, and Barney Berlinger decathlon specialist looms now as the best of the East's track out—

14.4 for the 120 high hurdles recently, but his 14.3 will not be official because he knocked over two hurdles on that momentous occasion. GOLFERS ARE SLOW IN QUALIFYING FOR PRESIDENT'S CUP

With only two days remaining in which to qualify for the club championship tournament of the Corsicana Country club, there had been only about a dozen golfers who had turned in their qualifying scores, according to an announcement Thursday morning by one of the members of the tournament committee.

The qualifying was started last Saturday and will end this Saturday and will end this Saturday. No extension of the qualifying period will be made, it was positively announced Thursday morning.

morning.

The golfers will compete for the president's cup, which was won last year by Tom Pinkston.

Brocklyn Has Taken Option On Caldwell

NEW YORK, May 28.—(P)—The Brooklyn Dodgers today announced they had taken an option on the services of Bruce Caldwell, former Yale football star and present star of the New Haven baseball club of the Eastern league with the right to buy his release at the end of the current playing season.

Caldwell, a first baseman, has been playing professional baseball three years, signing with the Cleveland Indians in 1928 after his departure from Yale. He broke into the lineup for a few games but was never a regular.

Playing for New Haven this year, he has been batting at a 506 clip with 17 home runs already to his credit.

CRUDE OIL PRICES IN OTHER AREAS NOT AFFECTED BY SLASH

REDUCTION THIRTY CENTS PER BARREL IN EAST TEXAS OIL PRICE

HOUSTON, May 26.—(P)
-The Humble Oil and Refining company today announced a price reduction of 30 cents per barrel in East Texas crude. Simultaneously, the Humble announced that effective at once the East Texas fields would be posted separately, and not with the Mexia, Powell and other fields as formerly.

The new postings made 35 grav-ity the lowest quoted, where 29 gravity previously had been the

gravity previously had been the low.

The new prices:
Below 35 gravity, 25 cents; 35 to 35.9 gravity 27 cents; 36 to 39.9 gravity 29 cents; 37 to 37.9 gravity 31 cents; 38 to 38.9 gracity 33 cents; 39 to 39.9 gravity 35 cents; 40 gravity and above 37 cents.

President W. S. Farish issued a formal statement saying the cuts were made necessary because "product values had declined seriously" and the "railroad commissions order (for proration) had been obstructed and made ineffective."

been obstructed and made ineffective."

No price changes were made except in the east Texas field.

Humble Statement.

The complete statement follows:

"On April 1, 1931, we posted prices for oil from the new East Texas field equal to mid-continent posted prices and annonced a purpose to make connections and buy oil in the area ratably as soon as the railroad commission's order should be placed in effect. When the order went into effect we proceeded to carry out such policy and have increased our purchases until for some time now we have purchased at the posted price approximately 18,000 barrels of oil per day outside of our own production. In our announcement of April 1, we said:

"The maintenance of the purchasing policy here announced for Port Texas and the maintenance

NEW YORK, May 28.—(P)— An unidentified hold-up man, who with a confederate had robbed a with a confederate had robbed a speakeasy of \$700, was shot fatally after a chase in the lobby of the Hotel St. James on West Forty-fifth street early today by Patrolman Alexander Calder.

The gunman had lined up a dozen customers against the bar in the speakeasy and took everything the cashier had in the register.

As the robber left, the cashier hurled a bottle at them, but it went wild and the pair ran out. Patrolman Calder, who at the police parade had been awarded a pistol experts medal, shouted to them to stop. He pulled out his pistol and fired once. The gunman stumbed on and fell in the hotel lobby.

CHAMBER DIRECTORS CONSIDER SEVERAL MATTERS TUESDAY

HIGHWAY SITUATION AND REGIONAL CHAMBER PRO-GRAM DISCUSSED TODAY

Highway matters, regional chamber program, and other items of routine business occupied the directors of the chamber of commerce at their regular bi-weekly meeting Tuesday morning.

In the absence of the chairman of the highway committee, the report was presented by the secretary, who stated that plans were practically completed and were in Austin on highway 22 south from Three-Way Filling station to the district line. He intimated that state highway officials were also interested in the completion of highway 22 west.

Contracts for section 2 or con-

also interested in the composition of highway 22 west.

Contracts for section 2 or concrete on highway 14 both north and south of Corsicana are expected to let at the meeting on June 22, since both of thetaoih jects which include Highway 75 from Corsicana to Ellis county and highway 14 from Richland to Worthm.

He also reported that plans had been completed on the underpass on highway 75 in the north part of the city, and members of the directorate stated that the plans were now out for bids and that Runlington-Rock Island would Ford said Radke, Crawford's secretary.

Continued From Page 1).

(Continued From Page 1).

In the description of Clark followed.

"As I watched this man running my attention was attracted to a third man who raced from the building pocked one hand into a pocked of his coat," Miss third man for at least two blocks. Then he was lost to my view and I went on."

She identified the third man as Ray Badke, Crawford's secretary. Special Prosecutor Joseph Ford said Radke had told invest-ford were now out for bids and that the Burlington-Rock Island would probably let the contract soon. He also reported some interest in completion of highway 31 west from Corsicana.

the Burlington-Rock Island would probably let the contract soon. He also reported some interest in completion of highway 31 west from Corsicana.

President Ferguson said that it had been called to his attention that the new road way of highway 31 from Corsicana to Athens was just about 600 feet longer that the straight line between the two cities.

East Texas C.-C. Meeting.

Festus A. Pierce reported on the recent meeting of this district of the East Texas Chamber of Commerce at Mexia, with nine of the ten counties represented. The program for the regional chamber was outlined and approved, and co-ordinated effort and financial is support of the program urged. He state that the membership quota for Navarro county had been placed at 100, with Corsicans's portion as approximately half that number, a slight increase over last year.

The directors unanimously pass-VIENNA, May 28.—(P)—Prof. August Piccard's balloon landed this morning in the high Alpine valley of the Oetz. 8,000 feet above sea level and not far from the village of Gurgl at the edge of the great Gurgl glacier.

Advices received here said the Belgian physicist and his aide, Charles Kipfer, had been taken out of the metal gondola unconscious and would be carried to Gurgl and thence probably to Innsbruck.

Attack of Pet **Bulldog Fatal** Chicago Woman

CHICAGO, May 27.—(P)—Mrs. Mary Loretta Watson died today of wounds sustained Monday when a pet bulldog attacked her.

The dog, a pet in the family for five years, became infuriated when Mrs. Watson took a bone from him.. He clamped his jaws on her les mulling her to the floor when Mrs. Watson from him. He clamped his jaws on her leg, pulling her to the floor and then slashed and tugged at her body for half an hour. Two neighbor boys tried to beat the dog off but a policeman had to shoot him before Mrs. Watson could be removed to a hospital.

FOR UNLOADING A **HEAVY** RACK

Build this frame and you can unload a heavy rack single handed. Four posts and six 2 x 6's placed on edge and bolted securely as shown will make it. Posts should be set closer together than the width of the rack and high enough to permit the wagon to pass out. To unload rack, attach a chain to the end of the wagon tongue and to the front of the rack, drive the team between the posts and the rack will slide up on the 2 x 6's. When the rack is on top of the frame, unhook the chain and drive out. To load the rack, reverse the operation. This is just one of a hundred handy helps for which we have plans, including those of the "Farm Building Service Bureau" of Texas A. and M. College. Ask to see them. There is no obligation

JUIDING SPIRIT OF ECEASED PRESIDENT HOVERS OVER BAYLOR

POSTHUMOUS ADDRESS OF DR. S. P. BROOKS READ TO GRADUATES TODAY

WACO, May 27. (P)—Although thwarted by death scarcely three weeks before commencement, the guiding spirit of the late Dr. Samuel Palmer Brooks, ty for 29 years, hovered oday over graduation explanary march. president of Baylor Univertoday over graduation exercises at the university.

In his determination to project his life span to the close of the school year the veteran president failed, but as a final gesture he addressed a farewell message "to the senior class of 1931, to the seniors of all years, those seniors of the past and those seniors yet to be."

This I do," he wrote, "because

waried, nor will they vary. I know now that life has been a summary of that which was summary of that which was taught me first as a student here. As my teachers have lived through me, so I must lived through me, so I must lived through you, my students. You who are graduating today will go cooperate more actively with missionaries on the reservations. A circular letter will be sent all superintendents suggesting that each call conferences to be attended by missionaries, church workers and employes to "develop lines of cooperative effort which workers and employes to "develop lines of cooperative effort which workers and employes to "develop lines of cooperative effort which workers and employes to "develop lines of cooperative effort which workers and employes to "develop lines of cooperative effort which workers to come with fear. Face it boildly, courageously, joyously, law faith in what it holds. Sorrow as well as happiness must come with time. But know that only after sorrow's hand has bowed your heads will life become truly real to you, for only then will you acquire the noble

row as well as happiness must come with time. But know that come with time. But know that conly after sorrow's hand has bowed your heads will life become truly real to you, for only then will you acquire the noble spirituality which intensifies the reality of life.

"My own faith as I approach "My own faith as I approach processes are approach of the wrist watch given the student such when it stopped. The clock when it stopped. The clock was placed at the Home several days ago with the names of the seniors arranged on the face.

The watch was given by Sam Daiches.

'Dr. W. B. Bizzell, once presi-ent of the Texas Agricultural and Mechanical college, now head of the University of Oklahoma

Faith Grew Stronger

"My own faith as I approach eternity grows stronger day by day. The faith I have had in life in propected into this vast future toward which I travel now. I know that I go to an all-power-ful God wherever he may be. I know he is a personality who reated man in his image. Beyond that I have no knowledge—no fear—only faith.

"Because of what Baylor has meant to you in the future, oh, my students, have a care for her. Build upon the foundations here the great school of which I have dreamed, so that she may touch and mould the lives of future generations and help fit them for life here and help fit them for life h

TRIAL UNFAIR BUT **COURT OVERRULES MOTION SAVE MAN**

DAVE GOODWIN LOSES AP-

mob sprit pervaded the trial and coerced the jury and overawed the court.

The opinion said testimony at The opinion said testimony at the motion for a new trial indicated there was no mob spirit prevalent and that the proceedings were orderly.

Judge Morrow claimed the error claimed in admission of testimony was not grave enough to justify a reversal. The opinion also pointed out the trial judge had stated the trial was orderly and calm.

Goodwin's brother, Bud, was convicted of complicity in the murder of Elliott and sentenced to 20 years.
